

Class Schedule 2017

We invite all dancers who are eager to learn about the beautiful dances of México to join us. We welcome all ages and prior dance experience is not required. Our facility will provide the dancers with a professional rehearsal environment. We are centrally located in the City of Commerce. Our classes are designed to enable all dancers to develop higher dance abilities.

Conservatory Level I - Introduction to Mexican Folk

Mondays and Fridays: 6:30 PM to 7:30 PM

This class is very fun filled and exciting. We designed a comprehensive class that inexperienced children can feel comfortable in. We teach our students the basic footwork techniques and movements of various regions of México. The academic environment allows our young dancers to develop confidence in their dancing.

Conservatory Level 2 - Intermediate Level Mexican Folk

Tuesdays and Wednesdays: 6:30 PM to 8:00 PM

This class allows our students to develop technique and strength to execute choreography that is more challenging. The students are taught to understand movement and are exposed to traditional dancing and lyrical concepts at the same time.

The above classes also teach students about the basic positions in ballet. The students are introduced to terminology, at the same time they are practicing the execution of the movements.

Company - Advanced Level Mexican Folk

Mondays and Fridays: 7:30 PM to 10:00 PM

This class is conducted as a company rehearsal. The dancers not only take ballet class, but learn new folk dances, and review repertoire. It is an intense environment that allows the dancers to develop higher skills and strength to execute the choreography with great professionalism. We encourage dancers with many years of experience to join this class and accept the challenge.
